CUT FLOWER GROWERS

THE DAHLIA GARDENS

W. H. STONE & SON, Props.

P. O. Box 161

GAITHERSBURG, MD.

SELECTIONS

Please remember that the best place to make selections is in the garden. We can show you many fine varieties, of which we have not enough of stock to list. Stock of these is short and we do not care to sell any of it.

SPECIAL OFFER

Special offer to those who wish to leave the selection to us:

No. 1.	12 (Hc) or (D) of 12 different ones for.....	\$6.00
No. 2.	12 (Hc) or (Pd), 3 or 4 of each kind for.....	5.00
No. 3.	12 (C) or (D) or (S), 12 different ones for.....	4.00
No. 4.	12 (C) or (D) or (S) of 3 or 4 of a kind for.....	3.00

KEY

Abbreviations of type as follows: (P), Peony; (C), Cactus; (D), Decorative; (S), Show; (Hc), Hybrid Cactus.

ORDER EARLY

Garden sales, while they were in bloom, have again taken some varieties so close that we are unable to list them and many on this list are limited; so early orders are advisable, as all orders are booked and filled in turn.

PLANTING

Select a sunny location. The ground should be plowed or spaded to a depth of 8 or 10 inches, making the hills 4 feet square; plant at least 6 inches deep, laying the bulb down flat. When soil is very heavy it is best to cover the bulbs with sand or light soil.

Stakes may be used to advantage to prevent plants from breaking down.

CULTIVATION

The ground should be thoroughly cultivated and free from weeds. A frequent stirring of the surface is very beneficial.

Remember, if bulbs are received before you are ready to plant cover them with moist earth to keep from drying up.

THE GLORY OF THE GARDENS

May the coming year bring you the keen delight of planning and making more charming your home surroundings.

In presenting this list we wish to thank our many friends and customers for their generous orders and their having recommended us to others, and we shall endeavor to continue to put out stock in first class shape and strictly true to name.

We have during the past season very materially increased our stock of Dahlias and Gladiolus and we offer the well known Bessie Boston, Broomall, Judge Morean and other introductions that are known from coast to coast; also standard varieties that are well known favorites. Dahlias of Special Merit are of recent introduction.

DESCRIPTION

You will note all of the descriptions are very brief, as they are all well tried varieties, good for garden, exhibition and commercial purposes. The short description given does not do them justice, they must be seen to be appreciated.

BROOMALL INTRODUCTION

552. **AMBASSADOR.** (C). The floral sensation of Los Angeles. The color is a soft yellow buff shaded salmon pink.....\$15.00
176. **CATHERINE COOPER.** (D). Large flower of a fine form, good stems and habit, some rosy lavender..... 2.00
107. **DOROTHY DURNBAUGH.** (H. C.). Attractive shade of deep rich pink..... 1.00
251. **GLADYS SHERWOOD.** (H. C.). Giant white of a fine form, held erect on long stems; the flowers are often 7 to 8 inches..... 1.50
203. **GOODBYE DELICE.** (D). A fine pink, free bloomer, good stems.. 1.50
502. **GRACE ALLEN FAY.** (D). Rose crimson, darker in the center... 3.00
153. **HELEN DURNBAUGH.** (H. C.). Blush shading to a soft gloaming pink, a fine flower in every respect..... 1.00
130. **MAGNIFICENT.** (H. C.). Oriental buff overlaid with satin, rose salmon..... 1.25
205. **MISS LEOTA COTA.** (H. C.). A beautiful blending of creamy buff and pink; the flowers are enormous, coming 10 inches in diameter and are often too heavy for the stems..... 1.50
62. **MISS N. B. MOORE.** (C). Rosy lavender pink, large, well formed. .50
553. **MR. CROWLEY.** (D). The color of this Dahlia is most remarkable, being the brightest, gloaming shade of salmon pink. The base of the petals are yellow. Attracting attention from everywhere. 10.00
503. **ROSEMAWR.** (D). Rich rose pink..... 1.00
500. **ROSA NELL.** (D). The color is a clear bright rose, the flowers are large, and we consider it the best shaped decorative Dahlia we have seen. Coming perfectly full and double until frost.... 3.00
207. **POLARIS.** (D). This we regard as one of the best pure white Dahlias yet produced. Flowers of immense size and perfect form..... 2.00
210. **SNOWDRIFT.** (D). This great white deserves its name; a very full, deep built decorative flower with broad waxy petals. Admired by everyone. No collection is complete without it..... 2.00
504. **SHASTA.** (D). A very fine large white. Best white for cutting.... 1.00
550. **WASHINGTON CITY.** (H. C.). The gigantic pure white star-like flowers of this variety were more greatly admired than any other cactus Dahlia in our gardens last season. The stems are extra long; field tubers..... 1.50
413. **YSLETA.** (D). The coloring of this Dahlia is very difficult to describe, being a blending of salmon, of orange, and coppery tints. the fully open flower of a large size..... 2.50

7,000 Dahlias in Cultivation

By J. B. S. NORTON

A new manual giving names, originators or introducers, class and color, so far as known, for all dahlia varieties now grown. You need this book, whether you issue a catalogue, grow a dahlia garden, or have a new variety to name. It will help to avoid many errors in nomenclature. Blank interleaves for adding new names.

PRICE \$2.00
